3. The Selection Criteria

Athletics - Excellence in athletics will usually be demonstrated by measurable achievement on the court or playing field. The program includes students who have excelled in individual sports as well as team sports. The goal is to select outstanding young athletes, whatever their sport and activity. Participation in participating school sponsored sports/activities only, will be considered.

Academics - Academic excellence is not always reflected by such objective measures as grades, test scores, or class ranking. There are students who excel academically and who may for one reason or another not test well, or whose grade averages have been adversely affected by illness, or personal difficulties. The program and Basil’s Sports Bar & Grill are looking for students who meet the broader definition of academic excellence, such as, above average grades in the core subjects.

School/Community Service - All school-related activities will be considered in this area, including such things as band, forensics, student government, etc. Student leadership positions and responsibilities are important. Basil’s Sports Bar & Grill specifically includes in their consideration non-traditional forms of community service, such as care of an elderly neighbor, or participation in a youth club involved in anti-drug activities or involvement in local efforts to maintain a clean and healthy environment, improvement of the community and the individuals in it.

Weighing of the Criteria – On a 10.0 scale, athletics and essay is given a weight of 5.0 (50%), academics 3.5 (35%), and school/community service 1.5 (15%)
